DELIVERABLE D1.7

Webinar 1

Author(s)/Editor(s): A. Valls and L. Duro (Amphos 21)

Date of issue of this report: **30/05/2018**

Report number of pages: 3 p

Start date of project: **01/06/2017**

Duration: 48 Months

Project co-funded by the European Commission under the Euratom Research and Training Programme on Nuclear Energy within the Horizon 2020 Framework Programme		
Dissemination Level		
PU	Public	X
PP	Restricted to other programme participants (including the Commission Services)	
RE	Restricted to a group specified by the partners of the Disco project	
CO	Confidential, only for partners of the Disco project	

1 1st Webinar description

DISCO webinars are organized in conjunction with the Annual Meetings of the project, as described in Deliverable 1.4 (*Plan for Webinars*). The 1st Webinar took place on May 16th, 2018 at 13:45h (GMT+1) during the 1st Annual Meeting held in Sheffield (15-16th May 2018).

The details of the 1st Webinar of the DisCo project are presented in Table 1.

Table 1: Details of the Webinar.

TITLE	The influence of the fuel composition and of the content of various non-uranium cations on the oxidative fuel dissolution
PRESENTER	Kastriot Spahiu (SKB, Sweden)
DATE	16-05-2018, 13:45h (GMT+1)
DURATION	1 hour
REGISTRATION	Free

The 57 participants of the project meeting attended the webinar in-person. 22 people followed the webinar online, via the Webex platform. Figure 1 shows that most of the online participants (>80%) are members from DisCo Consortium organizations (i.e., partner, EUG (End-User-Group) or Associated Group (AG)). The webinar was followed by 4 people from the following organizations that are external to the project:

- University of Lille (France)
- Institute of Environmental Geochemistry of National Academy of Sciences of Ukraine (Ukraine)
- Kobe University (Japan)
- Bel V (Belgium)

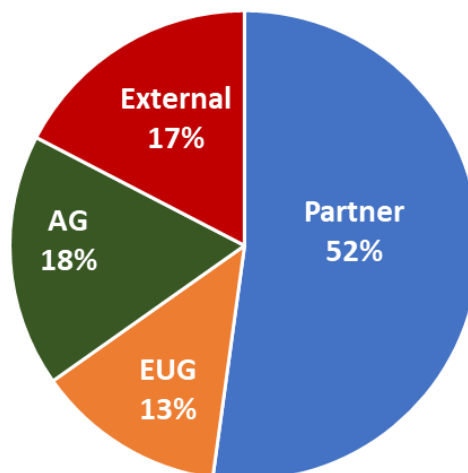

Figure 1: Type of online participants: (1) Partner, (2) EUG, (3) AG and (4) External to the project.

Figure 2 shows a world map detailing the number of organization per country that joined the webinar. It is important to highlight that the webinar was followed from 10 different countries including LAPs (countries with Less Advanced Programmes) and non-European countries (i.e., Japan).

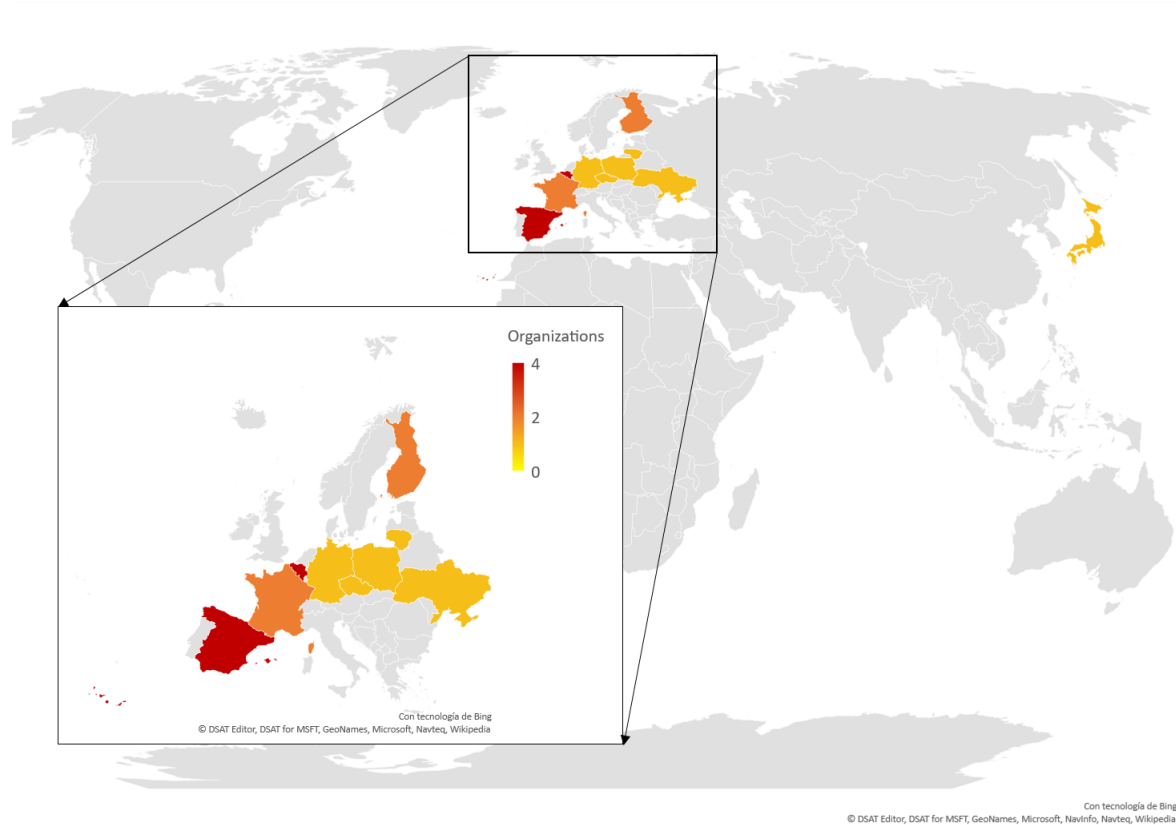

Figure 2: Number of organizations registered to the webinar per country. Grey = none, Yellow = 1 organization, Orange = 2 organizations and Red = 4 organizations.

The webinar was digitally recorded and it will be available under demand. Interested people should send an email to Alba Valls from Amphos 21 (alba.valls@amphos21.com) providing the following details: name, organization, country and email. The number of requests will be presented at the deliverable corresponding to the 2nd Webinar.

2 The 2nd Webinar

The forthcoming webinar will take place next May 2019 in conjunction with the 2nd Annual Meeting of the DisCo project.

More details on the webinar subject and the presenter will be available at the project webpage in March-April 2019 (<https://disco-h2020.eu/Home/Webinars>).
